To Whom It May Concern;

This is a supplement to the timely waiver request I filed with the FCC on May 9, 2019.

In February 2019 I filed the form 470 as I prepared to see E-rate funds for funding year 2019. That gave me time to wait 28 days and still file our form 471 prior to the 3/27/19 filing deadline.

Unfortunately on March 12, I (the Executive Director) was told by doctors I needed immediate brain surgery. I then took an immediate leave of absence and left for New York on March 17 and had surgery on March 19. I was out of the building/district until May 6, 2019 following the procedure.

After I got the news I needed to have surgery, I contacted two E-rate consultants who were contacted, but both informed the school that they were unable to assist in the filing in a timely manner. There was no reasonable time to train an additional staff member on the E-Rate process and filing.

If you require any other information, please contact me at any time.

Thank you!
